Small-Tough-Productive!

Extra wide infeed opening. Plastic strips to protect operator from material throw back.

Both the 416B & the 413H are compact, **easy to transport**, built tough and will easily chip branches & round wood up to **4-1/2" in diameter**. The extra wide hopper, means less pruning and trimming, & the 360° exhaust allows the operator to discharge chips either into the tow vehicle or into the woods. **No tools are necessary** to adjust the chip deflector or the direction of exhaust!

360° Exhaust, Chip Deflector. No tools necessary to adjust. 1/2" thick replaceable, sharpenable, & adjustable bed knife.

Quality of Workmanship, Innovative Design, Built to Last!
