

# Chipper, PTO - 600

3-1/2" CAPACITY

MADE IN THE U.S.A

*The Salsco Model 600, P.T.O. Chipper is a 3-1/2" capacity, gravity feed Chipper! Designed and engineered for doing heavy work, not just chipping a few small branches and mulching leaves. Legs are adjustable for height. Exhaust chute easily fits over the standard trash can or even a gallon container for easy debris removal.*

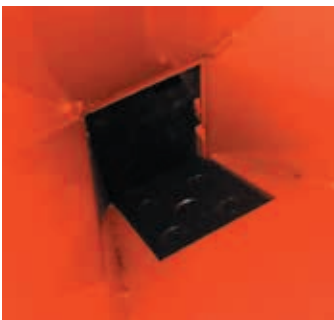

## STANDARD FEATURES

- \* Height adjustable legs
- \* PTO Shaft, Safety Shield & Hitch Pins
- \* Adjustable, Sharpenable, Replaceable Bed Knife
- \* 2 - 3/8" Thick Chip Blades

Heavy duty cast iron pulley and v-belt system. 1-1/2" diameter shaft, heavy duty, commercial type.

## Minimum 8-HP required !

The infed hopper opening is wide and will accept bushy branches, gravity feed makes it easy to run material through the chipping disc.

The extra high 4-1/4" opening, by 3-1/2" wide, means less pruning of branchy, stringy material. 13" diameter impeller is 1" thick, and the four exhaust paddles are fully gusseted to provide years of use. All bearings are heavy duty, greasable and self centering. There are two 3/8" oil hardened, chip blades.

This unit has a 1/2" thick, sharpenable, replaceable, and adjustable bed knife to provide consistent chip size and the ability to chip even the stringiest, brushiest materials.

*Quality of Workmanship, Innovative Design, Built to Last!*
