

Chipper - 608/610/616

3-1/2" CAPACITY

MADE IN THE U.S.A.

The Salsco Models 608 or 610 are 3-1/2" capacity Chippers, that are just right for yard clean up jobs. Designed and engineered for doing heavy work, not just chipping a few small branches and mulching leaves.

Available as an option, the Transport Wheel Kit makes the unit easy to tow on the road. 2" Ball Coupler and Tow Chains are also provided with the kit.

STANDARD FEATURES

- * Tow Bar with Swivel Castor
- * 13 x 5.00-6, Turf Saver, Pneumatic Tires
- * Adjustable, Sharpenable, Replaceable Bed Knife
- * 2 - 3/8" Thick Chip Blades
- * 8 HP Honda, 8HP or 10HP Briggs & Stratton
- * 16 HP Briggs & Stratton

Small, Tough, & Productive!

Exhaust chute easily fits over the standard trash can or even a 30-gallon container for easy debris removal.

The extra high 4-1/4" opening, by 3-1/2" wide, means less pruning of branchy, stringy material. This unit has a 1/2" thick, sharpenable, replaceable, and adjustable bed knife

to provide consistent chip size and the ability to chip even the stringiest, brushiest materials. 13" diameter impeller is 1" thick, and the four exhaust paddles are fully gusseted to provide years of use. All bearings are heavy duty, greasable and self-centering. There are two 3/8" oil hardened, chip blades.

The infeed hopper opening is wide and will accept bushy branches, gravity feed makes it easy to run material through the chipping disc.

Quality of Workmanship, Innovative Design, Built to Last!
