

Truckloader Leaf Vacuums - up to 40 HP

MADE IN THE U.S.A

Model 720 - 20 hp Kohler, Model 725 - 25 hp Kohler

Model 740 - 40 hp Yanmar Diesel

For Those Big Clean Up Jobs!

Trailer Mounted or Skid Mounted

Any lawn care service or municipality that handles big clean up jobs should have one of the Salsco Truckloader Vacuums in its fleet. These units make leaf pick up easy and efficient. Like all Salsco products the truckloader vacuums are built to last.

Features of All Truckloader Vacs

- Torflex Axle
- Heavy Duty Fenders
- D.O.T. Approved Light Package
- 12 Volt Battery
- Powder Coat Paint

Features of the 720/725

- 8" Discharge diameter
- Heavy duty, 12" dia. x 10' long intake hose
- 6.6 Gallon portable gas tank

Features of the 740

- Remote mounted impellers to protect engine
- Replaceable shredder wires to reduce material size
- Replaceable impeller shroud
- 12" Discharge diameter
- Heavy duty, 16" dia. x 10' long vacuum hose

Quality of Workmanship, Innovative Design, Built to Last!

MODELS 720/725 TRUCKLOADER VACUUMS

ENGINE OPTIONS:

MODEL 720 (20 HP KOHLER, GAS)

MODEL 725 (25 HP KOHLER, GAS)

BATTERY: 12 Volt, automotive type.

VACUUM HOSE: 10' x 12" diameter, heavy duty neoprene hose with wear strip; light weight, yet durable.

HOSE HANDLE: Extra large rectangular grip.

HOSE HANGER ASSEMBLY: Swivels, height of hose and length of vacuum position adjustable.

IMPELLER: Machined and balanced; 7 gauge steel back plate, with 4 - 6" x 8 1/2" x 3/8" thick blades; welded nut for ease of removal.

EXHAUST: 8", more than large enough to allow all debris to pass through without causing backup or clogging.

FUEL TANK: 6.6 gallon capacity, polyethylene marine type, portable gas tank, with pressure gauge and fuel gauge.

FENDERS: Heavy duty diamond plate steel, gusseted; will not vibrate or crack during transport.

LIGHT PROTECTORS: Steel guards house the tail lights and protect them against breakage.

LIGHT PACKAGE: D.O.T. approved, turn and stop lights; comes wired and ready to plug in. (Standard)

TRAILER FRAME: 2 X 2 1/8" wall, rectangular steel tubing; allows for years of service without the fear of bending or cracking; continuously welded and gusseted for extra strength.

TONGUE: Square tubing gusseted for extra strength; bracket for hose while being transported

COUPLER: 2" ball coupler with safety chains. (Standard)

JACK: Top wind swivel jack.

TIRES: F78-14ST Tubeless. 6 ply x 26".

PAINT: Powder coated baked enamel polyester finish; resists ultraviolet light.

OVERALL DIMENSIONS: Total Length, 104" Height to Top of Exhaust, 108" Width, 60" Weight, Approximately 910 lbs. (Towable Unit) Approximately 685 lbs. (Skid Mount Unit)

MODEL 740 TRUCKLOADER VACUUM

ENGINE OPTIONS:

MODEL 740 (40 HP YANMAR, DIESEL)

VACUUM HOSE: Model 740 has a 10' x 16" diameter hose.

TAPER LOCK PULLEYS: All pulleys are taper lock and not set screw type.

BELT: Triple "B" section single back belt. Durable, cost effective way to drive the remote mounted impeller.

BATTERY: 12 volt, 350 CCA, automotive type.

HOSE HANDLE: Large rectangular handle with stabilizer bracket and hose ring.

HOSE HANGER ASSEMBLY: Swivels, height of hose and length of vacuum position adjustable.

IMPELLER: 26" diameter paddle type; machined and balanced; welded to a 2" main shaft for easy replacement; 4 blades, 1/2" thick x 11" x 12".

EXHAUST: 12" round tube exhaust.

FUEL TANK: Extra large 16 gallon steel fuel tank.

REPLACEABLE WEAR WRAP: Easy and inexpensive to replace.

SHREDDER WIRES: Replaceable wires will shred material up to 30%, depending on materials being vacuumed.

AXLE: T-Flex torsion axle allows for smooth towing, even at highway speeds.

TIRES: F78-14ST Tubeless. 6 Ply x 26".

TRAILER FRAME: 2" x 3" x 1/4" rectangular steel tubing; continuously welded and gusseted for extra strength.

JACK: Bulldog top wind swivel.

COUPLER: 2" Ball, standard size, with safety chains.

FENDERS: Heavy duty diamond plate steel fenders, gusseted, with tail light protectors.

TONGUE: Square tubing, gusseted for extra strength, with bracket for holding hose while being transported.

LIGHT PACKAGE: D.O.T. approved; turn and stop lights, mounted inside light protectors, wired and ready to plug in.

PAINT: Powder coated baked enamel polyester finish; keeps the machine looking good for years to come; resists ultraviolet light.

OVERALL DIMENSIONS: Total Length, 110" Height to Top of Exhaust, 111" Width, 77" Weight, Model 740 - Approximately 2100 lbs.
