MAKING AMERICA GREAT AGAIN
ONE MACHINE AT A TIME!

Sal's Corner

Nov / Dec 2023

We just finished the NCTG Show, and it was a success. The **HP3E** and **Tilt Trailer** were the highlight of the show. We ran the HP3E on and off the tilt trailer throughout the day. This tilt trailer is available for the HP11 and HP11-III units already in the field. This tilt trailer is a game changer. No more letting the ramps down and up after each hole. Simply release the mount and drive off; Roll the green and drive on the trailer; Latch the magnet and drive to the next green. And yes, if you already own a Salsco HP11 or HP11-III, these can be used on the new rampless trailer. Contact your dealer for pricing.

Thank you, **Sal**

SALSCO ON THE ROAD

Annual Holiday Shutdown

December 22 (2pm)

to January 2, 2024 (8am)

Best wishes to you and your family for a Merry Christmas & Happy New Year!

SALSCO THEN...

In 1983, Salsco manufactured the first **Vertical Free-Floating Tine Core Aerator** for the lawn care industry. Soon the 30 Series core aerator line followed, including **Model 30-12**, for which Salsco was issued our first U.S. Patent on December 30, 1986. The series was sold to golf courses throughout the country. Salsco raised the bar in 1986 with the **FTA 60-24 All-Purpose Aerator**, a tow behind machine that could core 60,000 square feet per hour and easily be towed by almost any vehicle.

About eleven turf and lawn care products were introduced during the 1980s, and Salsco began to be known as a broadline manufacturer designing different models and sizes. Salsco was issued our second U.S. Patent for our first **Slicer Seeder** on April 18, 1989.

& NOW... Salsco is the #1 producer of rollers in the world.

Salsco manufactures ten different rollers from 24" to 180" rolling width:

- HP11
- HP11-III
- Tranz-Former
- STR-180 Tow Behind
- Electric HP3E
- HP-5.5
- Roll-N-Go
- Walk Behind
- Core Recovery Vehicle
- New Electric HP2E (formerly EGR 09074)

Salsco is taking the EGR to the next generation with the HP2E! Here are some of the changes:

- 36V to 48V lithium battery
- Same drive system as the HP3E
- Tailgate to Tilt Trailer
- New style Cross Contamination Prevention Kit
- Arm rest seat
- LED lights
- Push brush option
- Telematics option
- Spiker option

A QUICK LOOK AT SALSICO WOOD CHIPPERS

Model		Infeed Opening	HP	Engine Driven/ PTO	Gravity/ Hydraulic Feed	Wheels/ Tractor Mount
616CSV	Chipper Shredder Vacuum	4½" x 6¼"	16 HP	Engine	Gravity	Wheels
635CSV		5" x 5"	35 HP			
600PTO		3½" x 4¼"	8 HP	Minimum HP at the PTO	Gravity	Tractor Mount
624PTO		4½" x 5"	16 HP		Gravity	
624XT PTO		4½" x 5"	16 HP		Hydraulic	
627PTO		7" x 8"	25 HP		Gravity	
627XT PTO		7" x 8"	25 HP		Hydraulic	
6210 PTO		10" x 14"	35 HP		Gravity	
6210XT PTO		10" x 14"	35 HP		Hydraulic	
600 Series		3½" x 4¼"	9–16 HP	Engine	Gravity	Wheels
400 Series		4" x 5"	13–24 HP			
62 Series		7½" x 8"	35 HP			
62XT Series		7½" x 8"	24 or 35 HP	Engine	Hydraulic	
84 Series		4" x 8"	16 or 25 HP			
86 Series		6" x 12"	25–37 HP			
Track Chipper		6" x 12"	37 or 40 HP	Engine (Gas or Diesel)	Hydraulic	Tracks
824PTO		4" x 8"	15 HP	Minimum HP at the PTO	Hydraulic (self-contained)	Tractor Mount
826PTO		6" x 12"	25 HP			
810PTO		10" x 18"	35 HP			
810M		10" x 18"	37–40 HP	Engine (Gas or Diesel)	Hydraulic	Wheels
810		10" x 18"	40–80 HP			
810XT		10" x 18"				
813		13" x 18"	74–133 HP			
813XT		13" x 18"				
818		18" x 18"	133 or 140 HP			
818XT		18" x 24"	174 or 200 HP			

"I have been a very happy owner for 25+ years of a Salsco 824 Chipper. My machine has performed beautifully since I got it, but I noticed the auto

feed seemed slow though the chipping blades were almost new. I called Salsco and was surprised to find myself speaking to you (Sal) and very pleased you had a useful suggestion. You said to check the drive linkage for the hydraulic feeder. I did so and almost immediately discovered that the cotter pin connecting the control bar to the actuating lever had worn out. I replaced it and was back in business in two minutes.

I felt compelled to let you know how much I appreciate the quality of your product and your superior service. I have a lot of attachments for my tractor, and none of them are as well built or function as well as my chipper. I have been recommending Salsco for many years and will continue to do so."

WE ALWAYS WELCOME FEEDBACK

A customer sent a Thank You card to Susan, Mark, and Jack: "I would like to extend my deepest thanks for all of your help and support towards getting my 813 Chipper to work well again. I truly appreciate the entire Salsco Team!"

We appreciate hearing about your experience with our products!
