

MADE IN THE USA!!!

At many of the trade shows we attend, the show management will raise the American flag and play our National Anthem. All activity stops and everyone will face the direction of our flag and show their respect. Salsco is proud to display the American Flag in our booth and on all of our equipment. Salsco is an American owned and operated company. Our products are made in the USA and we are proud of the commitment we have made to manufacture our products in this country.

Salsco Booklets are Available for your Sales Team!

We have updated our booklets with our new products. They are 4-1/2" x 5-1/2"; spiral bound, and are great for handouts at trade shows, when calling on customers or just leaving on your desk or counter. Please let us know how many you need.

Paul Bunyan Show, Old Washington, OH

GIE Expo, Louisville, KY

October was a busy month for trade shows. The top picture is of our booth at the Paul Bunyan Show in Ohio. The weather was great and as you can tell our salesmen were busy with customers.

The bottom picture is at the GIE Expo show in Louisville, KY. In the picture are Sal and our international sales team.

TESTIMONIAL G.G.R. 9067

"This is our 6th year of owning a Salsco Roller. It is a great machine and we will not go with another brand because of the quality of work it does. Our older Salsco roller has met our standards of quality of performance. We use it 3 days a week in our busy season and it is great. This is why we purchased another Salsco roller."
