

SERVICE & MAINTENANCE INSTRUCTIONS

FOR ALL GREENS ROLLERS

- 1) Check all hydraulic hoses **DAILY, or before each scheduled use** for wear and any signs of chaffing.
REMINDER: Drive motor hoses should be treated as wear items and should be replaced on a yearly basis.
- 2) Check all fittings for any signs of leaking **DAILY, or before each scheduled use**.
- 3) Check all grease fittings on a **WEEKLY** basis. Add grease until grease leaks slightly from around grease seal.
- 4) Check engine to manufacturer's specifications and maintenance. **SOME ENGINES HAVE AN OIL SHUT OFF SWITCH. CHECK OIL LEVEL FREQUENTLY AS THE UNIT WILL STALL ON INCLINES IF OIL LEVEL IS LOW.**
- 5) Fill hydraulic tank to 4-6" below filler cap. Be sure to tighten cap until cap seals.
- 6) After approximately **1 WEEK** of use, **and then every 2 WEEKS thereafter**, check drive chains - one on each side on roller drive motor. Pivot motor to tighten chain.

***NOTE: CHECK AND ADJUST THE TENSION OF BOTH DRIVE MOTOR CHAINS ON A REGULAR BASIS.**

**** There is a pusher bolt to aid in adjusting and must be adjusted along with the motor.**

*****The chain should have 3/8" play. NEVER adjust the chain tight with no play.**

- 7) After approximately **1 WEEK** of use, **and then every 2 WEEKS thereafter**, check chains on steering. Adjust as needed.
- 8) Pivot for articulating steering should be tight, **with no play**, much the same as wheel bearings on cars.
- 9) **Keep unit clean.** Should rust form on rolls, simply drive the unit on a rough area until rolls are clean.
- 10) **Oil & Filter Type** – It has been determined that your Salsco machine will perform better by using a 25 micron filter. Salsco recommends using Mobil DTE 26, Citgo HYD 68, or 5W40 non-detergent hydraulic oil, or their equivalents. The oil should have a viscosity rating of at least 122 SSU. While this is not a necessity, it will improve the overall performance of your machine. Salsco is now using this filter and hydraulic oil on all our machines using hydraulics.

SAFETY IS A PRIME CONCERN AT SALSCO AND THE SAFETY DECALS ON YOUR MACHINE ARE A HIGHLY VISIBLE AND CONSTANT REMINDER TO ALL OPERATORS. REPLACEMENT SAFETY DECALS MAY BE OBTAINED BY CALLING SALSCO AT 1-800-872-5726 OR THE DEALER IN YOUR AREA.
