

Electric Greens Roller

MODEL - 0009054

MADE IN THE U.S.A

No oil, No heat, No noise, No vibration, No pollution!

The Salsco Greens Rollers, *Electric or Gas* are the **#1 Preferred Rollers**, around the world, since 1992!

Both rolls are driven from individual drive motors for maximum traction. As with the Gas Roller, this unit has *Two, 10-3/4" Oscillating Rolls, and Articulating Steering. Greens Speed can be increased to 1-1/2' or more, Without* compaction, *Without* changing undulations, and *Without* burn marks from slipping. The Salsco Electric Roller has up to a **40° Climbing Traction**, without slippage or loss of control & can be easily unloaded or loaded from anywhere around the green, thereby *Direction of Rolling can be changed as desired.*

#1 Greens Rollers, Electric or Gas!

Standard features of the Electric Roller include a **Light Kit** for early morning rolling, and a **Safety Switch** installed in the seat for safety.

BRUSH KIT

The **Transport Trailer** comes **Standard** with the Salsco Electric Greens Roller. Turf tires protect the turf, and the extra long tailgate with rubber strips, means easy on and off. You'll be on your way **To the Next Green in Just Minutes**. Just roll onto the trailer, turn the unit off & hook up the tailgate. No other adjustments are necessary. The trailer also has many other uses in and around the golf course. **Two greens mowers easily fit on the trailer!**

SPIKER-AIR KIT

The optional Spiker-Air Kit, Brush Kit or Tournament Roll Kit, are available, to improve the Versatility of the Salsco Rollers, Gas or Electric!

TOURNAMENT ROLL KIT
