

CHIPPER 600 SERIES

3-1/2" Capacity

Salsco, INC.
LEADER BY DESIGN

**MADE IN
THE U.S.A.**

The 600 Series chippers are **3-1/2" capacity gravity feed chippers**, that are just right for grounds clean up jobs. Engine options include 8 - 16HP, Honda and Briggs & Stratton engines, both pull start and electric start. Designed and engineered for doing heavy work, not just chipping a few small branches and mulching leaves.

STANDARD FEATURES

- Tow Bar with Swivel Castor
- Adjustable, Sharpenable, Replaceable Bed Knife
- 8HP - 16HP Engine Options
- 4-1/4" x 3-1/2" Infeed Opening

Available as an option, the **Over the Road Wheel Kit** makes the unit easy to tow on the road. Tow chains and a 2" ball coupler are also provided with the kit. (Pictured above.)

Small But Tough!

The exhaust chute easily fits over the standard trash can or even a 30-gallon container for easy debris removal.

The extra high **4-1/4" x 3-1/2" wide opening at the infeed**, means less pruning of branchy, stringy material. This unit has a **1" thick, sharpenable, replaceable, and adjustable bed knife** to provide

consistent chip size and the ability to chip even the stringiest, brushiest materials. The **40 lb. impeller is 13" in diameter and is 1" thick**, and has four exhaust paddles which are fully gusseted to provide years of use. All bearings are heavy duty, greasable and self centering. There are **two 3/8" oil hardened chip blades set into two extra wide knife pockets**.

The infeed hopper opening is oversized to accept bushy branches. The gravity feed makes it easy to run material through to the chipper disc.

SPECIFICATIONS - 600 SERIES	
ENGINE OPTIONS, PULL START:	8HP Honda; 10HP Briggs & Stratton; 13HP Honda; 16HP Briggs & Stratton
ENGINE OPTIONS, ELECTRIC START:	9HP Honda; 16HP Briggs & Stratton
BATTERY:	12 Volt, CCA230, automotive type. (Electric start engines only)
DRIVE:	Heavy duty cast iron pulley and V-Belt system.
EXHAUST CHUTE:	7 gauge steel, with exhaust deflector to channel exhaust into a 30-gallon debris container.
INFEED OPENING:	3-1/2" x 4-1/4" at the infeed.
INFEED CHUTE:	7 gauge steel, continuous welds.
IMPELLER HOUSING:	7 gauge steel impeller housing is vented to provide more air flow for chip exhaust.
IMPELLER:	Fully balanced, 1" thick x 13" diameter steel impeller with four (4) welded and gusseted exhaust paddles. 40 lbs. (Approximately)
CHIP BLADES:	Two (2), 3/8" thick x 4-1/2" long x 1-3/4" wide, oil hardened steel.
BED KNIFE:	1/2" thick steel, replaceable, sharpenable & adjustable.
BEARINGS:	Two (2), cast iron, flange mount & greaseable.
FRAME:	1/4" plate, bent and welded for extra strength.
AXLE:	3/4" diameter x 34-1/2" long, cold roll steel axle.
TIRE/WHEEL ASSEMBLIES:	13 x 5.00-6, 2ply turf saver, pneumatic tires, 295 lbs. load capacity.
HITCH:	T-handle tow bar with swivel castor.
GUARDS/DECALS:	All moving parts guarded. Full set of safety decals.
PAINT:	Orange, polyester powder coat paint provides excellent outdoor weatherability and offers protection against ultraviolet discoloration. All parts painted separately.
OPTIONS:	Over the Road Wheel Kit:
	2" ball coupler, two (2), 30" safety chains with S-hooks, over the road axle with 1-1/4" x 8.85" spindles & wheel hubs, two (2), 4.80/400-8, 4ply turf saver pneumatic tires, 590 lbs. load capacity.
DIMENSIONS:	Length: 5' 4"
(with backyard tow package)	Width: 3'
	Height: 3' 4"
	Weight: 350 lbs. (approximately)
