- * Undulations Remain Unchanged!
- * Reduces Mowing!
- * Save Time, Labor & \$\$!

The Only Large Roller Approved by Superintendents Around the World!

**Cross Contamination Prevention Kit
STANDARD**

when used after top dressing.

Cross Contamination Prevention Kit not only prevents the spread of disease or insects when rolling multiple areas, grass clippings will not clump on the end of the rolls, eliminating clean up, and sand will disperse evenly across greens

**Rear Wheel Extension Kit
OPTION**

The optional Rear Wheel Extension Kit adds stability where needed, especially on steep inclines. The Rear Wheel Extension Kit can be ordered as retrofit to units in the field, or factory installed on new units.

**Cool Top Sun Roof
OPTION**

Cool Top Sun Roof option, with or without a fan, is mounted to the roll bar and can be retrofit to units in the field, as well as factory installed.
